D.C.B. GIRLS' COLLEGE

## About the College

Devi Charan Barua Girls' College is the first Under-Graduate girls' college in Upper Assam and second oldest among the women colleges of the state. Since its inception in the year 1955, it has been striving incessantly to spread women education in Assam. The College was established with generous contributions made by the four illustrious sons of Late Rai Bahadur Devi Charan Barua, viz., Heramba Prasad Barua, Umacharan Barua, Deba Prasad Barua and Bishnu Charan Barua. Starting with a modest enrolment of only 56 students and 12 teachers in the Arts Stream, the College has now grown from strength to strength and accommodates about 1800 students from diverse backgrounds, communities and states of North East India in Arts and Science faculty.

Over the years, the College has produced women who have excelled in diverse professions and have contributed in numerous ways to the society at large.

During the 58 years of its glorious existence, the College has not only distinguished itself as one of the premier Degree Colleges of the State but also of the NE Region of India. In recognition of the quality sustenance measures for academic and administrative excellence, the college has been upgraded from Grade "B" in 2003 to Grade "A" in 2011 by University Grants Commission's prestigious accreditation body, National Accreditation and Assessment Council (NAAC), Bangaluru. In fact, D C B Girls' College is the ONLY girls' college of the state till date to be awarded Grade "A" by NAAC.

The Science Stream was added to its wings in 1981 and since then it has developed itself into a full fledged one with well equipped laboratories. The 10+2 programme offered by the College is affiliated to the Assam Higher Secondary Education Council (AHSEC), while its Degree programme is affiliated to the Dibrugarh University (DU).

PROSPECTUS

In the academic sphere, the College has always maintained standards of the highest order. Its students have performed exceedingly well in the examinations conducted by the Council as well as the University. The percentage of success is always higher than that of the AHSEC and DU. Many of our former students were University Toppers and Best Graduates.

Besides striving for academic excellence, the college firmly believes in the holistic development of its students. It assigns equal importance to co-curricular activities, including games and sports. The "Cultural Team" of the College, in particular, has always been a force to reckon with in the annual Inter-College Youth Festival of Dibrugarh University. D C B Girls' College is also well known for its NCC/NSS/Extension/ Counselling and Placement wings. Its NCC cadets have brought laurels to the College as well as the state by their excellent performances in events like mountaineering, shooting and other adventure sports, including participation in the prestigious Republic Day parade at New Delhi.

The real strength of the college lies in its highly qualified teachers and resourceful administrative staff. The faculty is renowned for their meritorious profile, versatile talent and dedication to the cause of women education.

## MISSION

To provide higher education to the womenfolk of Jorhat and its rural neighbourhood by inculcating their innate talents and qualities and unfolding their potentialities through curricular and co-curricular activities.

## VISION

Empowerment of women in all aspects so as to make them fit to compete with their male counterparts in the new world order.
